

*****UNDER CONSTRUCTION*****

Exciting times are upon us. We have started improving Hole # 3 and the tee box for Hole # 4. These improvements include a new stone and concrete bridge, new tiered tee boxes for Hole # 3, and a new tee location for Hole # 4. We intend to beautify the area, speed up play, and make maintenance much easier for Shane.

The Board would also like to thank the following people for vision and hard work to prepare this project and help bring it to its construction phase:

- Page County State Bank- Donation of all materials and the project idea from Ken Whitmore.
- R & R Construction/Ron Eighmy- Donation of labor involved in the project and great vision in the design.
- Akin Building/Dick Auffert/Levi Derry- Provided retaining wall blocks at cost.
- Green Giant Lawn Care/Justin Walters- Donation of labor for grass seeding and laying of retaining wall blocks and tee box design.
- Russ McAlpin- Donation of equipment and labor for tree trimming
- Crain Construction/Jac Crain- Donation of fill dirt

With this project we hope to start a long line of corporate and personal sponsorships/donations specifically used for course improvements. They are essential for our course to remain one of Southwest Iowa's greatest golfing values and treasures.

If you have an idea for a course improvement or would like to donate specifically toward course improvements please contact Shane with your idea. We would like to compile a prioritized list of long term projects to be completed.

Sincerely,

Clarinda Country Club
Board of Directors
